

# **Regional Training Course on Computer Security Fundamentals for Nuclear Security**

**Hosted by the**

**Government of the French Republic**

**through the**

**Électricité de France (EDF)**

**Paris, France**

**16 - 20 December 2024**

**Ref. No.: EVT2304446**

## **Information Sheet**

### **Introduction**

Computer security, within a nuclear security regime, requires continuous improvement to computer security measures in order to mitigate ever-increasing adversary capabilities. A State should ensure that computer security is addressed through each activity undertaken within a nuclear security regime, in order to provide for continued support and assurance of the essential elements of a nuclear security regime. This includes the application of effective methods and technologies that can then be leveraged for the increased security of nuclear material, nuclear facilities, and other radioactive material, and for efforts to detect and respond to material out of regulatory control, detailed within nuclear security guidance and international best practice.

## Objectives

The objective of this event is to familiarize participants with the fundamental elements of nuclear security and enhance their knowledge and practical application of computer security. The training course will provide participants with an understanding of the IAEA Nuclear Security Series guidance and implementation techniques to protect computer-based systems to establish an effective computer security program.

## Target Audience

The event is designed for nuclear security professionals supporting national nuclear security regimes. The course involves awareness and exercises and it would be beneficial if participants have computer and/or digital system experience.

## Working Language(s)

English

## Participation and Registration

All persons wishing to participate in the event have to be designated by an IAEA Member State or should be members of organizations that have been invited to attend.

In order to be designated by an IAEA Member State or invited organization, participants are requested to submit their application via the InTouch+ platform (<https://intouchplus.iaea.org>) to the competent national authority (Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) or organization for onward transmission to the IAEA by **15 November 2024**, following the registration procedure in InTouch+:

1. Access the InTouch+ platform (<https://intouchplus.iaea.org>):
  - Persons with an existing NUCLEUS account can sign in to the platform with their username and password;
  - Persons without an existing NUCLEUS account can register [here](#).
2. Once signed in, prospective participants can use the InTouch+ platform to:
  - Complete or update their personal details under ‘Complete Profile’ and upload the relevant supporting documents;
  - Search for the relevant event under the ‘My Eligible Events’ tab;
  - Select the Member State or invited organization they want to represent from the drop-down menu entitled ‘Designating Authority’ (if an invited organization is not listed, please contact [InTouchPlus.Contact-Point@iaea.org](mailto:InTouchPlus.Contact-Point@iaea.org));
  - If applicable, indicate whether financial support is requested and complete the relevant information (this is not applicable to participants from invited organizations);
  - Based on the data input, the InTouch+ platform will automatically generate the Participation Form (Form A) and/or the Grant Application Form (Form C);

- Submit their application.

Once submitted through the InTouch+ platform, the application, together with the auto-generated form(s), will be transmitted automatically to the required authority for approval. If approved, the application, together with the applicable form(s), will automatically be sent to the IAEA through the online platform.

NOTE: The application for financial support should be made, together with the submission of the application, by **15 November 2024**.

For additional information on how to apply for an event, please refer to the [InTouch+ Help](#) page. Any other issues or queries related to InTouch+ can be sent to [InTouchPlus.Contact-Point@iaea.org](mailto:InTouchPlus.Contact-Point@iaea.org).

Selected participants will be informed in due course on the procedures to be followed with regard to administrative and financial matters.

Participants are hereby informed that the personal data they submit will be processed in line with the [Agency's Personal Data and Privacy Policy](#) and is collected solely for the purpose(s) of reviewing and assessing the application and to complete logistical arrangements where required. The IAEA may also use the contact details of Applicants to inform them of the IAEA's scientific and technical publications, or the latest employment opportunities and current open vacancies at the IAEA. These secondary purposes are consistent with the IAEA's mandate.

## Expenditures and Grants

No registration fee is charged to participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event.

The application for financial support should be made, together with the submission of the application, by **15 November 2024**.

## Visas

Participants who require a visa to enter the French Republic should submit the necessary application as soon as possible to the nearest diplomatic or consular representative of France.

## Additional Information

Six or more months after completion of training events, participants will be required to complete a short survey on the use of acquired knowledge and skills or a change in attitudes. This will assist the Division of Nuclear Security in understanding the impact of its work and will guide future assistance.

## Organization

### Scientific Secretary

**Mr Christophe Pilleux**  
Division of Nuclear Security  
Department of Nuclear Safety and Security  
International Atomic Energy Agency  
Vienna International Centre  
PO Box 100  
1400 VIENNA  
AUSTRIA

Tel.: +43 1 2600 26734  
Fax: +43 1 26007  
Email: [C.Pilleux@iaea.org](mailto:C.Pilleux@iaea.org)

### Administrative Secretary

**Ms Glenda Quezada Rodriguez**  
Division of Nuclear Security  
Department of Nuclear Safety and Security  
International Atomic Energy Agency  
Vienna International Centre  
PO Box 100  
1400 VIENNA  
AUSTRIA

Tel.: +43 1 2600 22942  
Fax: +43 1 26007  
Email: [G.Quezada-Rodriguez@iaea.org](mailto:G.Quezada-Rodriguez@iaea.org)

Subsequent correspondence on scientific matters should be sent to the Scientific Secretary/Secretaries and correspondence on other matters related to the event to the Administrative Secretary.
