The Secretariat of the International Atomic Energy Agency (IAEA) presents its compliments to the IAEA's Member States and has the honour to draw their attention to the **Small Modular Reactor Regulators' Forum Educational Workshop on Regulatory Challenges in Small Modular Reactors** (hereinafter referred to as "event") to be held in Cape Town, South Africa, from **2 to 6 June 2025**.

The purpose of the event is to share the challenges associated with regulation of small modular reactors (SMRs) and approaches to overcoming them, including possible changes to regulatory requirements and practices based on the common positions developed by the SMR Regulators' Forum.

The attached Information Sheet provides further details of the event.

The event will be held in English.

Member States are invited to designate one or more participants for this event. Member States are strongly encouraged to identify women participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event. The application for financial support should be made at the time of designating the participants using the attached Grant Application Form (Form C).

It should be noted that compensation is not payable by the IAEA for any damage to or loss of personal property. The IAEA also does not provide health insurance coverage for participants in IAEA events. Arrangements for private insurance coverage on an individual basis should therefore be made. The IAEA will, however, provide insurance coverage for accidents and illnesses that clearly result from any work performed for the IAEA.

Designations should be submitted to the IAEA through the competent national authority (Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) not later than **1 April 2025** using the attached Participation Form (Form A). Completed and authorized Participation Forms should be sent either by email to: [Official.Mail@iaea.org](mailto:Official.Mail@iaea.org) or by fax to: +43 1 26007 (no hard copies needed). Copies should be sent by email to the Scientific Secretary of the event, Mr Brett Rini, Division of Nuclear Installation Safety, Department of Nuclear Safety and Security (Email: [B.Rini@iaea.org](mailto:B.Rini@iaea.org)), and to the Administrative Secretary, Ms Maria Gonzales Larrain (Email: [M.Gonzales-Larrain@iaea.org](mailto:M.Gonzales-Larrain@iaea.org)).

The Scientific Secretary of the event will liaise with the participants directly concerning further arrangements, including travel details, as appropriate, once the official designations have been received.

The Secretariat of the International Atomic Energy Agency avails itself of this opportunity to renew to the IAEA's Member States the assurances of its highest consideration.
