

Regional Workshop on the Physical Protection of Nuclear Material and Nuclear Facilities

Hosted by the

Government of the Netherlands, Kingdom of the

through the

Authority for Nuclear Safety and Radiation Protection

Delft, Netherlands, Kingdom of the

18 - 29 August 2025

Ref. No.: EVT2500297

Information Sheet

Introduction

The Reactor Institute Delft has hosted multiple IAEA regional workshops for the Physical Protection of Nuclear Material and Nuclear Facilities. Based on the success of these training events, the Netherlands and the IAEA agreed to conduct a regional training workshop for physical protection system experts in 2025.

Objectives

The objective of the workshop is to establish awareness of the need for an integrated system of physical protection of nuclear material and nuclear facilities that is effective against such threats as radiological sabotage and theft of nuclear material.

Expected Outputs

Participants should be familiar with relevant international legal instruments, IAEA guidance and current physical protection concepts and technologies, as well as provide information that will assist participants in developing and implementing physical protection systems based on systems engineering, state-of-the-art technology and facility analysis.

Target Audience

The workshop is intended for participants from IAEA Member States who are responsible for designing and/or assessing physical protection systems. Preference will be given to participants with significant experience in nuclear activities in operation or under construction such as nuclear power plants, research reactors, and related facilities.

Working Language(s)

English

Participation and Registration

All persons wishing to participate in the event have to be designated by an IAEA Member State or should be members of organizations that have been invited to attend.

In order to be designated by an IAEA Member State or invited organization, participants are requested to submit their application via the InTouch+ platform (<https://intouchplus.iaea.org>) to the competent national authority (Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) or organization for onward transmission to the IAEA by **9 July 2025**, following the registration procedure in InTouch+:

1. Access the InTouch+ platform (<https://intouchplus.iaea.org>):
 - Persons with an existing NUCLEUS account can sign in to the platform with their username and password;
 - Persons without an existing NUCLEUS account can register [here](#).
2. Once signed in, prospective participants can use the InTouch+ platform to:
 - Complete or update their personal details under ‘Complete Profile’ and upload the relevant supporting documents;
 - Search for the relevant event under the ‘My Eligible Events’ tab;
 - Select the Member State or invited organization they want to represent from the drop-down menu entitled ‘Designating Authority’ (if an invited organization is not listed, please contact InTouchPlus.Contact-Point@iaea.org);
 - If applicable, indicate whether financial support is requested and complete the relevant information (this is not applicable to participants from invited organizations);
 - Based on the data input, the InTouch+ platform will automatically generate the Participation Form (Form A) and/or the Grant Application Form (Form C);
 - Submit their application.

Once submitted through the InTouch+ platform, the application, together with the auto-generated form(s), will be transmitted automatically to the required authority for approval. If approved, the application, together with the applicable form(s), will automatically be sent to the IAEA through the online platform.

NOTE: The application for financial support should be made, together with the submission of the application, by **9 July 2025**.

For additional information on how to apply for an event, please refer to the [InTouch+ Help](#) page. Any other issues or queries related to InTouch+ can be sent to InTouchPlus.Contact-Point@iaea.org.

Selected participants will be informed in due course on the procedures to be followed with regard to administrative and financial matters.

Participants are hereby informed that the personal data they submit will be processed in line with the [Agency's Personal Data and Privacy Policy](#) and is collected solely for the purpose(s) of reviewing and assessing the application and to complete logistical arrangements where required. The IAEA may also use the contact details of Applicants to inform them of the IAEA's scientific and technical publications, or the latest employment opportunities and current open vacancies at the IAEA. These secondary purposes are consistent with the IAEA's mandate.

Expenditures and Grants

No registration fee is charged to participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event.

The application for financial support should be made, together with the submission of the application, by **9 July 2025**.

Visas

Participants who require a visa to enter Netherlands, Kingdom of the should submit the necessary application as soon as possible to the nearest diplomatic or consular representative of Netherlands, Kingdom of the.

Additional Information

Six or more months after completion of training events, participants will be required to complete a short survey on the use of acquired knowledge and skills or a change in attitudes. This will assist the Division of Nuclear Security in understanding the impact of its work and will guide future assistance.
