

International Training Course on Preventive and Protective Measures Against Insider Threats to Radioactive Material and Associated Facilities

Hosted by the

Government of Pakistan

through the

Pakistan's Centre Of Excellence For Nuclear Security (PCENS)

Rawalpindi, Pakistan

10 - 14 November 2025

Ref. No.: EVT2500628

Information Sheet

Introduction

The training course will focus on insider threats to radioactive material and associated facilities. The course aims to provide participants with a comprehensive understanding of what an insider threat is, and how to implement security measures to protect against it, within the facilities and organizations.

Objectives

The objectives of the course are to: (i) increase participants' awareness of potential insider threats to radioactive material and associated facilities; (ii) provide participants with the required information to enable them to increase the security culture within their organizations and to establish security measures to prevent against insider threats; (iii) spread awareness about the security of radioactive sources under regulatory control; and, (iv) utilize a hypothetical facility and small-group activities to apply the concepts presented in the training to further enhance their understanding and knowledge of how to identify potential sensitive information and threats, in regards to insiders, within their own organization.

Target Audience

Participants should be responsible for, or closely involved in their national programmes for regulating radioactive source security, or be a licensee of a facility that uses or stores radioactive sources. They should have a background and experience in operational aspects related to the use of all categories of sources; radioactive source regulation; security for radioactive materials or associated facilities and/or response forces. Participants have an advanced knowledge and understanding of radioactive source security.

Working Language(s)

English

Participation and Registration

All persons wishing to participate in the event have to be designated by an IAEA Member State or should be members of organizations that have been invited to attend.

In order to be designated by an IAEA Member State or invited organization, participants are requested to submit their application via the InTouch+ platform (<https://intouchplus.iaea.org>) to the competent national authority (Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) or organization for onward transmission to the IAEA by **30 September 2025**, following the registration procedure in InTouch+:

1. Access the InTouch+ platform (<https://intouchplus.iaea.org>):
 - Persons with an existing NUCLEUS account can sign in to the platform with their username and password;
 - Persons without an existing NUCLEUS account can register [here](#).
2. Once signed in, prospective participants can use the InTouch+ platform to:
 - Complete or update their personal details under ‘Complete Profile’ and upload the relevant supporting documents;
 - Search for the relevant event under the ‘My Eligible Events’ tab;
 - Select the Member State or invited organization they want to represent from the drop-down menu entitled ‘Designating Authority’ (if an invited organization is not listed, please contact InTouchPlus.Contact-Point@iaea.org);
 - If applicable, indicate whether a paper is being submitted and complete the relevant information;
 - If applicable, indicate whether financial support is requested and complete the relevant information (this is not applicable to participants from invited organizations);
 - Based on the data input, the InTouch+ platform will automatically generate the Participation Form (Form A) and/or the Grant Application Form (Form C);
 - Submit their application.

Once submitted through the InTouch+ platform, the application, together with the auto-generated form(s), will be transmitted automatically to the required authority for approval. If approved, the application, together with the applicable form(s), will automatically be sent to the IAEA through the online platform.

NOTE: The application for financial support should be made, together with the submission of the application, by **30 September 2025**.

For additional information on how to apply for an event, please refer to the [InTouch+ Help](#) page. Any other issues or queries related to InTouch+ can be sent to InTouchPlus.Contact-Point@iaea.org.

Selected participants will be informed in due course on the procedures to be followed with regard to administrative and financial matters.

Participants are hereby informed that the personal data they submit will be processed in line with the [Agency's Personal Data and Privacy Policy](#) and is collected solely for the purpose(s) of reviewing and assessing the application and to complete logistical arrangements where required. The IAEA may also use the contact details of Applicants to inform them of the IAEA's scientific and technical publications, or the latest employment opportunities and current open vacancies at the IAEA. These secondary purposes are consistent with the IAEA's mandate. Further information can be found in the [Data Processing Notice](#) concerning the IAEA InTouch+ platform.

Expenditures and Grants

No registration fee is charged to participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event.

The application for financial support should be made, together with the submission of the application, by **30 September 2025**.

Visas

Participants who require a visa to enter Pakistan should submit the necessary application as soon as possible to the nearest diplomatic or consular representative of Pakistan.

Additional Information

Six or more months after completion of training events, participants will be required to complete a short survey on the use of acquired knowledge and skills or a change in attitudes. This will assist the Division of Nuclear Security in understanding the impact of its work and will guide future assistance.
