**Subject: Regional Workshop on Long-Term Operation and Ageing Management of Instrumentation & Control Systems and Cables in Nuclear Power Plants, Vienna, Austria, from 28 July to 1 August 2025**

Dear National Liaison Officer / National Coordinator,

I am pleased to inform you, that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project RER2019, “Enhancing Capacity for the Subsequent Operation of Nuclear Power Plants Beyond their Existing Long-Term Operation Programmes”.

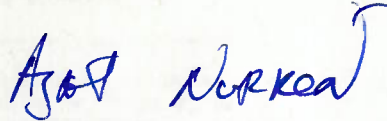

The purpose of the workshop (WS) is to facilitate the exchange of knowledge on LTO and AM of I.C systems and cables in NPPs. Discussions will cover the scientific foundations and practical approaches, operating experience and feedback, as well as managerial challenges and regulatory considerations.

The attached Information Sheet provides further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures. Member States are strongly encouraged to identify women participants.

We would appreciate receiving your country’s nominations by **7 April 2025** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

Azat Nurken  
Programme Management Officer  
Division for Europe  
Department of Technical Cooperation
