National Liaison Officers /

National Coordinators

2024-10-03

Subject: Second Coordination Meeting, Vienna, Austria, from 27 to 31 January 2025

Dear National Liaison Officer / National Coordinator,

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project RER7017, "Ensuring Water Availability in a Changing Climate".

The purpose of the second coordination meeting is to provide an overview of the objective and expected results of RER7017, introduce participating countries in person, present regional water resources aspects and potential case studies (content, participants and main steps), follow-up and revise the adopted workplan of the project along with the support to be provided to participating countries (including procurement component) and to consolidate the recommendations for project implementation.

The attached Information Sheet provides further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures. Member States are strongly encouraged to identify women participants.

The IAEA will provide non-local participants with a round-trip air ticket based on the most direct and economical route between the airport nearest the participant's residence and Vienna or a travel allowance to purchase an air ticket. Travel details will be agreed with the participants upon receipt of their official nomination. Participants will also receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses for the duration of the event in line with IAEA rules and procedures.

We would appreciate receiving your country's nominations by **4 November 2024** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Should this not be possible, applicants may download the Nomination Form for the course from the [IAEA's webpage](#). Completed forms must be endorsed by the relevant government authority and may be sent to the IAEA, preferably by email to Official Mail - IAEA Mail address Official.Mail@iaea.org, with copy to Ms Sibel Unlu S.Unlu@iaea.org. Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Sibel', with a long horizontal stroke extending to the right.

Sibel Unlu
Programme Management Officer
Division for Europe
Department of Technical Cooperation
